SIDEGRADE TO CUMULUS ENTERPRISE

Cumulus Workgroup Customers with a current maintenance agreement wishing to sidegrade to Cumulus Enterprise are entitled to a discount on the retail price of Cumulus 8 Enterprise if there is no reduction of the number of client licenses.

The discount equals the License Value of the Cumulus 8 Workgroup Software Maintenance agreement. The term of the Cumulus 8 Workgroup Maintenance agreement ends at the time of the sidegrade. The sidegrade to Cumulus 8 Enterprise has 12 months of Software Maintenance included.

Please contact DataBasics for a quotation if you wish to sidegrade to Enterprise.

Cumulus 3rd Party Add-ons and Locally Built Solutions

All products require existing Cumulus installation with appropriate Options as indicated.

Heymann Consulting add-ons

Add professional online ordering and user management for your Cumulus installation. All products include 1 year ASM.

User Management Pro helps you to restrict the user's access to the categories and records in the Cumulus catalog - you can define the access permissions for every record and every category per User!

With **Email Order System Pro**, users can order files from their service provider by email. An order form will be displayed which can be configured by the administrator.

CGM Thumbnail Generator: creates Preview size thumbnails for assets of file type CGM (Computer Graphics Metafile)

List Search: allows you to search for records in Cumulus catalogs specified in a text list.
...see over page

LS80	List Search EJAP 8	\$ 800	\$ 880
LS80U	List Search EJAP 8 upgrade	\$ 390	\$ 429

interaktion add-ons

Ensures that the correct metadata is added to your assets as they are catalogued. All products include 12 months Software Maintenance.

i-PrefillerPro has been developed for customers who want to prevent blank fields in data records of their picture archives. When a user wants to archive assets in Cumulus, the i-prefillerPro dialog window opens, so he/she can fill in all required data fields.

i-AssetContributor provides an easy to use single html web page for external or internal contribution of assets to the Cumulus database. Does not require as much training as using Canto's Web Client software and can be tailored to meet specific applications.

i-ImportSubstitute: In some cases a picture to be archived is not yet available. For timing reasons it is often mandatory to create the pertaining metadata in advance. With i-importSubstitute this is possible right away.

IPP3U	i-PrefillerPro 3 user	\$1,450	\$1,595
IPPUNLIM	i-PrefillerPro unlimited	\$4,800	\$5,280
iAC	i-AssetContributor	\$6,000	\$6,600
IIS3U	i-ImportSubstitute 3 user	\$ 950	\$1,045
IISUNLIM	i-ImportSubstitute unlimited	\$3,100	\$3,410

modula4 add-ons

First year maintenance included with all products; subsequent renewals charged at 30%.

Web Module 3 - Enhancement for Canto's Web Publisher Pro allows you to offer your customers selected assets readily and accessibly over the Internet. Faster, easier to use, featuring all-new functions.

eCommerce Add On - eCommerce Web Application for Cumulus, based on Modula4 Web Module.

ImageSorter Add On - Searching and Sorting Images according to content.

Video Module - Present your videos in an easy and secure fashion as video streams on the Internet. The preview is generated automatically from all standard formats.

Additional Conversion Engines - Enables you to manipulate picture data in a variety of ways and to perform format conversions. You can even work with formats that the pixel image converter doesn't support, such as vector graphics.

M4WBM2	Web Module 3	\$2,250	\$2,475
M4ECMS	- eCommerce Add On	\$4,750	\$5,225
M4ISAO	- ImageSorter Add On	\$1,000	\$1,100

SuduS Pro	\$3,800	\$4,180
VideoRemixer	\$1,900	\$2,090

Cumulus Notes

Software Maintenance (SM) Agreements

All products include Software Maintenance for upgrades, new releases and support covering a period of 12 months beginning from the date of purchase.

Additional Terms & Conditions: SM covers your full Cumulus Solution. All client licenses and Canto option products assigned to a Cumulus Server must be included in the SM subscription. It is not possible to limit SM to a part of the Cumulus Solution.

For Cumulus integrations and customisations, Software Maintenance does not include modifications required due to changes or new releases of third party products.

DataBasics will contact you or your Reseller two months before your Software Maintenance expires to supply you with a renewal quotation.

Cumulus Sites note: Cumulus Sites replaces Web Publisher Pro with the release of v8.1.1 (March 2010) and is a higher price. Web Publisher Pro will continue to be available so customers can evaluate Sites before they decide to change over.

The upgrade is free with v8.1.1 but will increase the value of the configuration so the Software Maintenance renewal price will be higher next year. You will receive the usual 6 week notification prior to the expiry of your Maintenance.

Any queries please call or email DataBasics.

Technical support

DataBasics has a Cumulus Customer Care facility for technical support for customers with a current Software Maintenance agreement.

Prices subject to change without notice. The current Cumulus pricelist is downloadable in PDF format from http://www.databasics.com.au/docs/canto_auprice.pdf
Updated July 2010.
