Software Maintenance (SM) Agreements

All products include Software Maintenance for upgrades, new releases and support covering a period of 12 months beginning from the date of purchase.

Additional Terms & Conditions: SM covers your full Cumulus Solution. All client licenses and Canto option products assigned to a Cumulus Server must be included in the SM subscription. It is not possible to limit SM to a part of the Cumulus Solution. Software Maintenance does not include modifications required due to changes or new releases of third party products. DataBasics will contact you or your Reseller 6 weeks before your Software Maintenance expires to supply you with a renewal quotation.

Technical support

DataBasics has a Cumulus Customer Care facility for technical support for customers with a current Software Maintenance agreement. Please email support@databasics.com.au
